

Plumber Helper Job Description

We are looking for a hardworking plumber helper to assist our staff with basic plumbing installations of new construction projects. In this role you will be supporting our qualified plumbers with their daily tasks. To ensure success as a plumber helper, you should have excellent physical fitness, a strong desire to learn, and basic knowledge of plumbing techniques. Ultimately, a top-class plumber helper reduces time to finish a job by handling smaller tasks and assisting the lead plumber.

Plumber Helper Responsibilities:

1. Packing and sorting plumbing equipment for each job.
2. Preparing the work area.
3. Digging and shoveling.
4. Fetching tools and additional stock and equipment.
5. Assisting the Lead Plumber with plumbing installations.
6. Measuring and cutting pipes.
7. Learning along the way to become a lead/ journeymen plumber in the future.

Plumber Helper Requirements:

1. Proven work experience as a Plumber Helper or willing to learn quickly.
2. Detailed knowledge of plumbing equipment and techniques a plus but not 100% requirement.
3. Ability to read and interpret construction blueprints.
4. Advanced mechanical skills.
5. Good physical fitness and dexterity.
6. Critical thinker with good problem-solving abilities.
7. Good listening and communication skills.
8. Basic mathematical skills.
9. Strong attention to detail.
10. Any construction experience a plus.

Plumber helper salary and benefits:

1. \$15.00-\$20.00 per hour based on experience.
2. Lead plumber potential \$20.00 - \$40.00 per hour in the future.
3. Medical and dental insurance.
4. Company matched IRA retirement fund.
5. Long term / short term disability insurance.
6. Paid vacation after first year.
7. Paid apprenticeship school for qualified candidates.
8. Company tools provided.
9. 6 paid holidays per year.
10. All modern tools, trucks and equipment.
